## Premium Shutters®

### Limited Lifetime Warranty

#### Architectural Collection

The Tapco Group, (“TTG”), A Headwaters Company, warrants<sup>1</sup> that its Atlantic® Premium Shutters Architectural Collection product line (the “Warranted Products”) are free from manufacturing defects which result in cracking, splitting, and rotting under normal weather conditions for the life of the product. TTG also warrants that its factory paint finishes on the Warranted Products will not peel or flake for the life of the product. TTG warrants that the available storm-rated versions of the Architectural Collection shutters will perform as specified in the descriptions of the storm-rated shutters contained in the coverage table below for a period of three (3) years from the date of purchase. This warranty is subject to the following limitations:

1. This warranty extends only to the original owner who shall be defined as the person or persons who owned the structure in question on the date of purchase of the Atlantic Premium Shutters in question.
2. TTG will not be held responsible for damages resulting from Acts of God, accidental or intentional acts, installation other than in accordance with the manufacturer’s express instructions (which shall be solely determined by TTG), or from repairs or modifications by persons not authorized by TTG or from the use of parts and accessories (i.e. hardware or mounting devices) not authorized by TTG. In addition, where storm-rated versions are employed, this warranty will be void if the shutters are not installed with all approved Atlantic hardware in appropriate quantities in accordance with manufacturer’s instructions prior to the storm causing the damage. To qualify for the additional warranty coverage provided for Atlantic’s storm-rated shutters, storm-rated shutters must be ordered as such from TTG. That is, storm-rated warranty coverage will not be extended by TTG in instances where polycarbonate sheeting and/or storm bars have been ordered as accessories and added to non-storm-rated versions of Atlantic’s shutters.
3. Atlantic warrants its stainless steel hardware against manufacturing defects for the life of the product and its aluminum hardware for a period of ten (10) years. The finish on all Atlantic hardware is not warranted against deterioration, including but not limited to, scratches, fading, and corrosion, particularly resulting from airborne sea salt in coastal environs.
4. TTG will not be held responsible for damages resulting from water seepage through closed shutter systems including, but not limited to, storm seepage.
5. Fading due to weathering of painted surfaces is normal and expected. TTG will not be held responsible for such fading.
6. This warranty shall not extend any coverage whatsoever to custom orders for shutters that when built, will exceed in size the largest of Tapco’s standard sized shutters. The warranty coverage provided in this document is expressly disclaimed for all such shutters.
7. The property owner shall have the burden of establishing to TTG’s reasonable satisfaction both the identification of the product purchased and the date of purchase of the same for all claims made.
8. This warranty will be strictly limited to the cost of repairing, replacing and/or refunding the purchase price less taxes of the warranted products per the table below one time. Reasonable freight charges incurred by the claimant to return defective warranted products to TTG will be reimbursed by TTG for covered claims made within five years of the date of purchase. Under no circumstances, however, will TTG pay for the cost any of the following: a) labor to remove products from the Claimant’s home; b) labor costs incurred to install replacement products on the Claimant’s home; or c) any expense at all associated with claims asserted after the first claim for the products in question is resolved.
9. In no event shall TTG be liable on any claim for any amount in excess of the amount generated by the application of the proration table below.
10. If TTG attempts a reasonable number of times to repair a defect under this warranty but those attempts are unsuccessful, TTG at its sole option may either replace the product or refund the purchase price less taxes per the proration table below
